OFFICE OF THE TOWNSHIP ENGINEER

Holland Brook Road West Improvements

Letter to Residents

May 3, 2021

Dear Resident,

Weather Permitting, we will resume Final Surface Course paving **Friday, May 7th**. Construction is expected to begin at 7:00 am to 6:00 pm. Vehicular access to your property may be inaccessible or delayed during this process. Residents are advised to park outside of Holland Brook Road West.

Paving will begin at the Readington / Branchburg Township border to Old York Road in the morning and Proceed from Old York Road to Plymouth Ct. Continuing from Plymouth Ct. towards Route 202 by the end of the day. Residents of affected areas should make parking arrangements on unaffected streets prior to the paving start time if they plan to leave for the day.

Please refrain from placing any leaves or debris along the road's edge. Leaving debris may interfere and delay the work. Garbage and recycling may be interrupted during these days.

Affected School Bus Pickup locations: You shall receive all bus stop locations and times directly from the Board of Education.

To receive email notifications of this project and other road improvement projects, please register at the Township's website. You can register to receive these updates by going to www.branchburg.nj.us, on the home page, click the words "Email Alert" and sign up for either email alerts or text message alerts.

If you should have any questions, please do not hesitate to contact me at the Engineering Department at (908)526-1300 ext. 142. Your anticipated cooperation is greatly appreciated.

Sincerely,

Juan A. Reyes
Sr. Construction Inspector
