

UTILITY WORK IN THE AREA

The following streets will be affected:

Gleim, Orchard, East View, Magreit, Sophie, Nelson, and Mimosa

Parkside Utility Construction, LLC on Behalf of Brightspeed

Dear Resident,

Parkside will place buried communication lines in your area. The work will be done in the utility easement or right of way.

Please see below for more information if you have a sprinkler system, "invisible" dog fence, or other private buried facilities.

Please call the PA/NJ's Concern Line if you have any questions.

Thank you!

<p>Sprinkler with a Sidewalk:</p>	<p>Our main work will take place in the grass strip between the curb and the sidewalk. We may need to get to the front lawn side to access a utility box area to replace or add a new box.</p> <p>If you have any sprinklers in these areas, please mark the sprinkler head with white or blue paint or white flags.</p>
<p>Sprinkler without a Sidewalk:</p>	<p>Our main work will take place approximately 3-4 feet off the curb. We may need to access a utility box area that could be up to 8 feet off the curb, depending on town or city right of way.</p>
<p>Underground Pet Fence:</p>	<p>If there is an underground pet fence in the utility row, up to 8 feet off the curb, please mark it with flags.</p>
<p>Other Private Utilities:</p>	<p>If you think you have any other private utility in the public row (IE septic, lamp post, etc.) Please contact us at your earliest convenience.</p>

Damage & Restoration

If you find damage and are concerned about restoration, please know that we use (seed, soil, and straw) and this may take a few visits to settle however, we will restore your property to how it was before we arrived.
